

# TECHNICAL DATA SHEET - AB-2

natural wax for general purpose.

Abrillantador

**COMERCIAL NAME:** AB-2

**USE:** natural wax for general purpose.

**DESCRIPTION:** The Concentrated liquid wax AB-2 is a natural wax emulsion for general purpose. Suitable for the periodical maintenance of all type of hard surfaces. It can be used both, manually by scrubbing and mop or applied by floor polishing machine. It also works as a shine enhancer after crystallization.

**COMPOSITION:**

water and wax

**APPLICATIONS:**

Polishing hard surfaces.

Highly recommended as a maintenance Polish after crystallized

**HOW TO USE:**

The surface must be clean and dry.

Use with machine: pour or spray the product over a surface of about 5 m<sup>2</sup>, pure or diluted in water up to 1/3 parts depending on the condition of the surface. Buff with steel wool or white fibre pad until drying and obtaining the required level of shine. Manual operation: dilute the product in water up to 1/3 parts and apply on the surface. Let it dry and then buff with a mop until getting a shiny finish.

**HAZARD IDENTIFICATION**

The tensoactives contained in this mixture comply with the biodegradability criteria stipulated in Regulation (EC) n°648/2004 on detergents. The information to prove this is available by direct request of a detergent manufacturer. Keep away from children. Do not ingest

**Danger Indications:** The product is not classified as hazardous within the meaning of Regulation (EU) No 1272/2008.

**Precautionary statements:** In normal use conditions and in its original form, the product itself does not involve any other risk for health and the environment.

Keep out of the reach of children.  
Do not ingest.  
Keep only in original container.

**OTHER:**

Appearance: Liquid

Colour: White

Odour: N.D./N.A.

pH: 5

Boiling Point:

N.D./N.A. = Not Available/Not Applicable due to the nature of the product
