

TECHNICAL DATA SHEET - CR-11

Base crystallizer and stain remover

WARNING

Cristalizador

COMERCIAL NAME: CR-11

USE: Base crystallizer and stain remover

DESCRIPTION: The CR-11 - Base crystallizer and stain remover removes most of the salt and lime stains which may appear in the marble floors coming from the back side of the tiles, leaving the floor internally sealed for avoiding the apparition of new stains. It also makes the surface more compact and harder, improving the results of the further crystallization of the surface, specially in porous and soft marbles and limestones.

COMPOSITION:

Water, salts, non-ionic surfactants, cationic surfactants, disinfectants and dyes

APPLICATIONS:

Cleaning, internal sealing and pre-crystallized of marble and terrazzo floors affected by calcareous spots and salinity.

HOW TO USE:

Shake the container strongly before using. Do not dilute or mix with other products. Pour or spray a little quantity of CR-11 (approx. 40 ml.) On a surface of about 2 m2, spread the product uniformly with a shining machine fitted with a steel wool pad and rub until the product gets completely dry. Repeat the process until covering all the surface to be treated.

HAZARD IDENTIFICATION

Danger Indications: Harmful if swallowed.

Precautionary statements: If medical advice is needed, have product container or label at hand. Wash thoroughly after handling. Read label before use. Do not eat, drink or smoke when using this product. Dispose of contents/container (according to waste management regulations) Call a POISON CENTER +34 91 562 04 20 or doctor/physician if you feel unwell. Dispose of contents/container to ...

Keep out of reach of children. Do not eat. Keep only in the original container.

OTHER:

Appearance: Liquid

Colour: Red

Odour: N.D./N.A.

pH: 3

Boiling Point:

N.D./N.A.= Not Available/Not Applicable due to the nature of the product
