

TECHNICAL DATA SHEET - LP-7

Shining soap for hard floors

COMERCIAL NAME: LP-7

USE: Shining soap for hard floors

DESCRIPTION: The LP-7 Shining soap for hard floors is a product consisting of an emulsion of self-shining waxes and surfactants, specific for periodical cleaning and conditioning of hard floors, such as terrazzo, marble, granite, ceramic tiles, etc. Leaving a lasting shiny finish.

COMPOSITION:

Water, cationic surfactants, non-ionic surfactants, EDTA, waxes and colorant

APPLICATIONS:

Cleaning of hard floors with a brilliant action (concentrated product)

HOW TO USE:

It can be diluted up to 1/50 parts in water. Spread the solution by using a mop or an auto scrubbing machine fitted with red pad. Once dry, the surface will be clean and shiny.

HAZARD IDENTIFICATION

The tensoactives contained in this mixture comply with the biodegradability criteria stipulated in Regulation (EC) nº648/2004 on detergents. The information to prove this is available by direct request of a detergent manufacturer. Keep away from children. Do not ingest

Danger Indications: The product is not classified as hazardous within the meaning of Regulation (EU) No 1272/2008.

Precautionary statements: In normal use conditions and in its original form, the product itself does not involve any other risk for health and the environment.

Keep out of the reach of children.
Do not ingest.
Keep only in original container.
