

# TECHNICAL DATA SHEET AB10 -A-

## Metallizing varnish -MATT EFFECT-

### Tradename

AB10 -A-

### Use

Metallizing varnish -MATT EFFECT-

### Properties

AB-10-B metallizing varnish brilliant effect is a self-shining emulsion for natural stone, terrazzo, slate, terracotta, plastic, wooden and cork surfaces

### Fields application

metallizing varnish brilliant effect for surfaces

### Composition

1,2-benzisothiazol-3(2H)-one,1,2-benzisothiazolin-3-one / 2-methyl-2H-isothiazol-3-one

### How to use

The surface must be clean and dry. Do not mix nor dilute with other products. Strip the surface by using DC-2 alkaline stripper, rinse and let it completely dry. Spread AB-10 on straight lines uniformly (avoid working in circles) by using a sponge or a wax applicator. Let it dry for 30 to 60 minutes. Repeat the process again, spreading the product in a perpendicular way to the first layer. Once dry, the surface will remain protected and covered by a hard matt layer.

### Technical data

*Variations in temperature, humidity, thickness, dyeing or depending on the type of support, etc., may cause changes in drying, yield or other properties.*

Appearance Liquid

Colour White

pH 8,75

Mixing ratio spread evenly over the surface

Application methods sponge or wax applicator

Presentation drum 5 Lt

### Precautions

**Hazard Indications:** Causes serious eye irritation. Contains (1,2-benzisothiazol-3(2H)-one,1,2-benzisothiazolin-3-one / 2-methyl-2H-isothiazol-3-one ). May produce an allergic reaction.

**Precautionary statements:** If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Wear protective gloves/protective clothing/eye protection/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If

## Metallizing varnish -MATT EFFECT-

eye irritation persists: Get medical advice/attention.

Keep out of the reach of children.

Do not ingest.

Keep only in original container.

Before using the product, read the package instructions carefully. For more information consult Safety Data Sheet. Store tightly closed containers sheltered from sources of heat and temperature below zero.

### **Waste management8:26:19**

Follow local legal regulations. Help protect the environment, do not throw the waste down the drain, deposit it at the nearest recycling center. Calculate the amount of product you will need and thus avoid waste

*The information in the data sheet and in particular the recommendations regarding the application and final use of AB10 -A- are given in good faith and are based on the knowledge and experience of the company ABRASIVOS AGUILA S.A. The product must be put into work according to the rules of the trade and following the recommendations. The information given corresponds to applications made at 20 ° C. The times are given as an indication and depend on the support, the thickness applied and the environmental conditions.*
